## User's Manual

Specification and Features may be *changed without prior notice* . No liability for misprints or errors. © Miditemp GmbH 7\_2008

# Operating Elements:

Thank you for purchasing a MIDITEMP® - Product. ☺

## Setting up your VIEWare 6“

The supplied metal bar will allow you to mount the unit to keyboard stand, a mic-stand or a Multiclamp etc., wherever you need it. Please refer to the attached rider on „*Mounting onto a Multiclamp*“

## Connection of the VIEWare 6“

Please connect the supplied cable at the bottom, with the cables facing towards the back. The yellow RCA-Cinch plug please connect to your host unit (e.g. Miditemp Multistation).

The supplied AC Adaptor you can connect either on the right side of the VW6“, or at the DC-connector at the cable – as you like.

**Please don't power up the unit before you have done all the connections, to avoid any short circuit while hot-plugging!**

## Overview of the VW6“'s features and functionality.

**AV:** The VW6“ automatically uses AV1, AV2 has no function here.
